

INDUSTRIAL PAINT STRIPPERS

Callington's expertise in supplying aviation paint strippers flows through to our range of industrial strippers which have been designed specifically for end use application including automotive, furniture, general industry and graffiti removal.

We are Australia's largest producer of paint strippers, and our range includes the traditional Methylene Chloride and Phenol based strippers as well as the more environmentally friendly Citrus based strippers. We have expert staff available to give advice on the best product for the application.

PROFESSIONAL GRADE PAINT STRIPPER

Solvent-Based, Non-Caustic Paint Stripper

Product	Item Code	Packaging
Professional Grade Paint Stripper	6000/42	4 L
	6000/51	20 L
	6000/64	200 L

Features & Benefits

- Contains evaporation retarders and thickeners
- Non-flammable
- Gel consistency – ideal for vertical and horizontal surfaces
- Strips off multilayers

EZYSTRIP

Automotive Grade Paint Stripper

Ezystrip is a modern versatile paint stripper for the automotive and vehicular body repair industry. Ezystrip is a light grey thickened, heavy bodied liquid designed for application by brush or spray, to body panels and parts. It effectively removes most types of automotive paints.

Product	Item Code	Packaging
EzyStrip	6515/30	1 L
	6515/39	4 L

Features & Benefits

- Clings to vertical and inverted surfaces
- Identifiable colour
- Water rinseable
- Fast stripping action
- Quickly removes most automotive paints

ENVIRO STRIP

EcoFriendly Paint Remover

Callington Enviro Strip is an effective, non-methylene chloride, environmentally friendly paint stripper. It is effective even against multiple layers of acrylics, enamels, epoxies and other single-component coatings. It is suitable for all DIYers as well as professionals and can be used in both indoor and outdoor environments.

Product	Item Code	Packaging
Enviro Strip	6022/42	5 L
	6022/51	20 L

Features & Benefits

- Does not contain methylene chloride, NMP, phenols, amines, nitrites or chromates
- Water based, 100% biodegradable formulation
- Removes multiple layers in one application
- Clings to vertical and overhead surfaces
- Slow evaporation, suitable for application under direct sunlight
- Non-corrosive, non-darkening for most substrates

WOODSTRIP

Premium Wood Stripper

Woodstrip paint stripper is a solvent based, non-caustic, heavy bodied paint remover.

Product	Item Code	Packaging
Woodstrip	6004/39	4 L
	6004/51	20 L
	6004/64	200 L

Features & Benefits

- Carefully formulated for the furniture restoration industry to avoid discoloration and darkening to delicate timbers
- It contains evaporation retarders and thickeners
- Its primary use is for the professional renovation of antique and old furniture pieces, doors, window frames, architraves, skirting boards and all building joinery

CALLINGTON CH9004

Environmentally Friendly, Water Based Aircraft Paint Stripper

Callington CH9004 is a low odour, non-volatile, hydrogen-peroxide activated, environmentally friendly thixotropic paint stripper that effectively strips typical aircraft paint/primer systems like polyurethane, epoxies, epoxy primers, etc.

Product	Item Code	Packaging
Callington CH9004	6200/51	20 L
	6200/64	200 L

Features & Benefits

- Environment-friendly paint stripper with lower risks for environment, health, and safety
- Made with biodegradable, low odour, low VOC non-aromatic solvents
- Does not contain methylene chloride, NMP, phenols, amines, nitrites, acids or chromates
- Thixotropic - clings to vertical, inclined, and overhead surfaces
- Slow evaporation and effective paint stripping. Saves on labour time and costs

CALLINGTON CH3003

Non-flammable acid activated paint stripper

Callington CH3003 is a low odour, non-volatile, acid-activated, environmentally friendly thixotropic paint stripper that effectively strips typical aircraft paint/primer systems like polyurethane, epoxies, epoxy primers, etc.

Product	Item Code	Packaging
Callington CH3003	6300/51	20 L
	6300/64	200 L

Features & Benefits

- Environment-friendly paint stripper with lower risks for environment, health and safety
- Made with biodegradable, low odour, low VOC non-aromatic solvents
- Does not contain methylene chloride, NMP, phenols, amines, nitrites, or chromates
- Thixotropic - clings to vertical, inclined, and overhead surfaces
- Slow evaporation and effective paint stripping
- Safe on aircraft metals including aluminium, steel and titanium

CALLINGTON CH8930

Non-flammable phenolic paint stripper

Callington CH8930 is a thickened non-flammable, neutral phenolic paint stripper for the removal of epoxy, polyurethane and other chemically resistant coatings, including primers and base coats on aircraft surfaces.

Product	Item Code	Packaging
Callington CH8930	6600/51	20 L
	6600/64	200 L

Features & Benefits

- Tested and qualified to the following specifications; Boeing BSS7432, AMS 1375, Douglas CSD1, MIL-R—81903A, MIL-R-25134 and MIL-R-8129U
- Removes epoxy and 2 pack coatings, including primer and base coats
- Heavy bodied, viscous material - clings to vertical and inverted surfaces
- Amber colour, and low odour
- Slow evaporation rate and extended working life
- Non-corrosive to aluminium, cadmium, high strength steel and all aircraft metal surface

CALLINGTON CH207

Aircraft paint stripper (phenolic acid)

CH207 is a thickened non-flammable, acid activated, phenolic paint stripper for the removal of epoxy, polyurethane and other chemically resistant coatings, including primers and base coats. CH207 is a heavy bodied, viscous material which clings to vertical, inverted, and inclined surfaces and is designed for brush and spray applications.

Product	Item Code	Packaging
Callington CH207	6650/51	20 L
	6650/64	200 L

Features & Benefits

- Non-flammable acid activated phenolic paint stripper
- Removes epoxy and PU coatings, including primer and base coats
- Suitable for both brush and spray applications
- Clings to vertical, inverted and inclined faces
- Slow evaporation rate allowing long working times
- Water washable
- Non-toxic and safe to use, pH below 2
- Safe on aluminium, aluminium alloys, copper, mild steel and stainless steel

CALLINGTON CH8930 THIN

Liquid Paint Stripper for Dip Tank Applications

Product	Item Code	Packaging
Callington CH8930 Thin	6001/51	20 L
	6001/64	200 L

Features & Benefits

- High performance non-flammable paint stripper
- Will remove the most difficult paint coatings such as epoxy, polyurethane, enamels and primers
- Neutral, phenolic paint stripper
- Non-corrosive to aluminium, cadmium, high strength steel and all aircraft metal surfaces
