Aircraft exterior cleaners

Callington's Aviation Maintenance Chemicals are sold to over 300 airlines, MRO and ground handling companies around the globe.

Our Aircraft Exterior Cleaners have been specifically designed to meet the demanding and specific standards of the industry, while at the same time allowing users to meet today's stringent environmental requirements.

Corrosion Inhibition Protective Properties: With ingredients that not only prevent corrosion but also offer extended protection for aircraft surfaces.

Aircraft approved, non-flammable, multi-standard tested solutions

Solutions for wet and dry washes, and for all applications

Exceptional cleaning results on all painted or unpainted external surfaces, landing gears, wheel wells, wing flaps...

Manufactured across multiple locations worldwide

Recyclable packaging & biodegradable formulations

Aircraft Exterior Cleaners

<u>CH08</u>7

Alkaline water based economical cleaner for wet wash.	Certification	Item Code	Packaging
 Application by spraying, foaming, or brushing. Dilutable with water or water-miscible solvents. Suggested dilution rate between 1:1 to 1:10 for heavy duty to general cleaning with rinsing. Potential for increased dilution. Designed to give optimum brightness, cleaning, degreasing of all painted and unpainted surfaces and components. Non-streaking, non-staining, non-flammable. Contains no Ammonia. Readily Biodegradable. 	BSS 7432 Boeing D6-7127 Douglas CSD No. 1, Type 1 AMS 1526 AMS 1550 AMS 1530	2520/51 2520/64	20L 200L

 Alkaline water based concentrated cleaner for wet wash. Dilutable with water or water-miscible solvents. Suggested dilution rate between 1:2 to 1:20, allowing for all cleaning applications. Potential for increased dilution. Possible hand dry wash with higher dilution 1:40 rate. For use on all metal and painted exterior surfaces. Also suitable for landing gears, wheel wells, wing flaps. Removes efficiently carbon and exhaust deposits. Non-streaking, non-staining, non-flammable. Contains no Ammonia. 	CH511C	t 9 Dwy Wash		
	 Dilutable with water or water-miscible solvents. Suggested dilution rate between 1:2 to 1:20, allowing for all cleaning applications. Potential for increased dilution. Possible hand dry wash with higher dilution 1:40 rate. For use on all metal and painted exterior surfaces. Also suitable for landing gears, wheel wells, wing flaps. CH8150HG AEROCARE GEL			
Aircraft Eco-Friendly, High Gloss Cleaning Gel - Wet & Dry V	Vash		
Viscous (thixotropic) formula enhances adhesion, boosts cleaning power	Certification	Item Code	Packaging
 and reduces manual effort. Rapidly eliminates dirt, grease, carbon and exhaust residues within minutes of application. High gloss finish and easy rinsing. Phosphate free formulation. Low VOC, meets EU Ecolabel, CleanGredients and Safer Choice standards. Readily biodegradable. Plant-Based Ingredients. 	AMS 1526C AMS 1530C AMS 1533C MIL-PRF-87937E (Type III) Conforms to Airbus CML 08ABD1 Bell 00303040	2522/51 2522/64	20L 200L
		Availab	le: Globall
СН8000			
Heavy Duty Dry Aircraft Exterior Cleaner - Dry Wash			
 Unique dry wash heavy duty cleaner based on an emulsifiable solvent and biodegradable surfactant system. Waterless cleaning and degreasing of all exterior surfaces of the aircraft. Will break and remove heavy oil and carbon deposits from landing gear and engine exhaust areas. Dilution 1:1 to 1:8 depending upon soil. 	Certification	Item Code	Packaging
	AMS 1526C AMS 1530C Boeing D6-17487 Rev T (Concentrated)	2515/51 2515/64	20L 200L

- Dilution 1:1 to 1:8 depending upon soil.
- ${\mbox{ \bullet}}$ Easy application by spraying, brushing, or wiping. Clings to the surface.
- Short dwell-time and minimal agitation requirements.
- High gloss with no streaking. Non-flammable.
- · Contains no ammonia. • Biodegradable formulation

Available: Globally

BSS7432 (RTU)
