

TECHNICAL DATA SHEET

AEROGLAZE

Code 2700

Dry Wash Aircraft Cleaner & Polish

DESCRIPTION

Aeroglaze is a dry wash aircraft cleaner and polish, with a new and improved formula allowing it to clean, polish, protect and deoxidise painted and unpainted aircraft surfaces. Aeroglaze works more efficiently and faster, producing significant savings in labour, while providing the ultimate superior appearance. It can be used for whole aircraft exterior cleaning where a superior, cleaner, shinier appearance is required. Suitable for use where temperatures are cold and traditional exterior cleaners cannot be used due to freezing, or where water cannot be used because of strict effluent (pollution) concerns.

FEATURES & BENEFITS

- Safe to use on all aircraft exterior surfaces
- Does not cause any abrasive damage on painted or unpainted surfaces
- Ease of application and removal in all weather conditions, including 100% humidity
- Acts as a demister in cold temperatures preventing fogging and/or misting of exterior surfaces leaving a shiny appearance
- Protects aircraft surface against oxidation
- Easily removes surface soil and contamination
- Formulated to give optimum brightness and protection

APPROVALS

Conforms to

- Douglas CSD 1 Type V
- Boeing D6-17487
- AMS 1650B

DIRECTIONS FOR USE

- 1. For best results, wash and dry the aircraft prior to applying polish.
- 2. Apply Aeroglaze neat by rag, pad or mop head and wipe onto a cool surface, out of direct sunlight.
- 3. Clean and polish the surfaces by a circular motion over a four-foot (1.2M) area.
- 4. Allow to dry and then polish off with a dry soft cloth.
- 5. Change the dirty cloth regularly for better results.

COVERAGE

Approximately 5m² per litre.

For fuselage cleaning this equates to using about 66 gallons (250 litres) for a Boeing 747 and 60 gallons (230 litres) for an Airbus A300-600.

PHYSICAL PROPERTIES

Appearance: Off white opaque highly viscous liquid Odour: Characteristic solvent odour

pH: 9.5 ± 0.5

Stability in storage: Freezes at - 10°C. Product can be used in sub zero temperatures

ORDERING INFORMATION

Unit Code	Packaging	Units/Carton
2700/30	1 Litre	6 x 1L
2700/51	20 Litres	Each
2700/64	200 Litres	Each

WARNING

Combustible liquid

PRECAUTION

Keep away from heat/sparks/open flames/hot surfaces. – no smoking. Wear protective gloves/protective clothing/ eye protection/face protection.

FIRST AID

In case of fire: Use water spray/fog for extinction.

STORAGE & DISPOSAL

Store in a well-ventilated place. Keep cool. Dispose of contents/container in accordance with local regulations.
