

TECHNICAL DATA SHEET

INDIVIDUAL PROTECTION KIT

Kit with Sanitising, Disinfectant & Protection Items against Biohazard

DESCRIPTION

Individual Protection Kits are specific compact kits dedicated to the protection of passengers during their journey, especially in times of pandemics or regions with an outbreak or endemic risks. The components within the kit comply with international recommendations issued by the WHO, CDC, ECDC and EASA. The Individual Protection kits can be customised and adapted to your needs.

TECHNICAL DATA SHEET

CHARACTERISTICS

- **Face Mask:** 3 ply single use face mask (Type 1)
- **Disposable Gloves:** Pair of L size standard vinyl (clear) or nitril (blue) glove.
- **Hand & Surface Disinfectant Wipe:** KI-OSE 390 Single Wipe, dual usage, soft, high quality spunlace wipe of good size, for a quick and efficient sanitising of the hands and practical disinfection of small surfaces such as tablets, seat arms or small objects. Dermatologically tested, water-based formula. Aircraft approved, will not damage materials and non-flammable. Can be used on surfaces in contact with food without rinsing. TDS & SDS available on request.
- **Sanitising Wipe for Hands:** KI-OSE 391 Single Wipe is a soft, high quality spunlace wipe of good size for a quick and efficient sanitising of the hands. Dermatologically tested, water-based formula. Aircraft approved, non-flammable. TDS & SDS available on request.
- **Disinfectant Wipe for Surfaces:** KI-OSE 395 Single Wipe is a soft, high quality spunlace wipe of good size for a practical and efficient disinfection of small surfaces such as tablets, seat arms or small objects. Safe for skin. Water based formula. Aircraft approved: will not damage materials and non-flammable. TDS & SDS available on request.
- **Antimicrobial Hand Gel:** NOVOGEL AB, 50ml flip top bottle, 70% v/v alcohol high quality sanitizing hand gel with aloe vera and Callington lemon signature fragrance. TDS & SDS available on request.
- **Instructional Leaflet:** Doubled sided printed leaflet (EN & FR) nicely fitting the bag of the kit. Includes all details of the kit content and their instructions for use.

Ki-ose 390, Ki-ose 391, Ki-ose 395 and Novogel AB are CALLINGTON Group own products and formulas, and Callington Group trademarks.

“MAKE YOU OWN KIT”

Compose the kit that perfectly fits your own needs by choosing the type and quantity of the listed items.

Shall you be looking for another specific item to complete your kit, please let us know.

The choice of dual use “hand and surface” disinfectant wipes (Ki-ose 390) or “hands” only sanitising wipes (Ki-ose 391) or “surfaces” only disinfectant wipes (Ki-ose 395) give you the flexibility you may be looking for with regards to your passengers and context, or to adapt to your local regulations.

Based on minimum quantities, the IPK instructional leaflet, so as some of the components of the kits (ie. Wipes) can be customised and branded to your requirements.

We remain available for more details.
