

TECHNICAL DATA SHEET

SCALER 740

Powerful Descaler

Code AR0000044

DESCRIPTION

Scaler 740 is an aircraft approved powerful descaler that can be used for cleaning aircraft surfaces such as water heaters, wash basins and toilets. It can also be used for descaling electric kettles, coffee machines and any equipment that may come into contact with foodstuff. Regular use will help to deoxidises metal surfaces and reduce scale build-up.

FEATURES & BENEFITS

- Deoxidises metal surfaces
- Suitable for cleaning equipment that may come into contact with food, and foodstuff containers
- Versatile – it can be used in bath, spray or high-pressure machine cleaning

APPLICATION

Scaler 740 can be used to descale aircraft water heaters, wash basins, toilets, electric kettles and coffee machines.

DIRECTIONS FOR USE

1. This product requires to be diluted in cold water. It can be diluted by 10 to 20% depending on the degree of scaling encountered.
2. Pour in a sufficient amount of the product depending on the volume to be treated.
3. Leave to act for 10 to 30 minutes, depending on the degree of scaling.
4. Rinse well with water several times before using the equipment again.
5. Heat may accelerate its effectiveness but 60°C should not be exceeded. In this case carry out a test beforehand.
6. If there is a high degree of scaling, it is normal for the product to foam. However, it is preferable to carry out preventive descaling regularly.
7. This product must not be used undiluted. Do not allow the product to come into contact with the skin.
8. In the high-pressure machines, adjust the concentration to 5% by lance tip.

APPROVALS

- AIR FRANCE S.M.I. No. 53080-3
- The product complies with the legislation concerning products said to be "food contact" and particularly with the following texts: Order dated 8 September 1999, Decree No. 73-138 dated 12 February 1973 and the Instruction dated 27 August 1986.

TECHNICAL DATA SHEET

PHYSICAL PROPERTIES

Appearance: Slightly jellified liquid
Colour: Yellow
Ph in solution at 5%: 2
Flammability: Non-flammable
Boiling point: >100°C
Solubility: Easily miscible with water
Shelf life: 48 months

ORDERING INFORMATION

Product Code	Packaging	Units/Cartons
AR0000044	1 litre	12 Units

DANGER

Causes severe skin burns and eye damage.

PRECAUTION

Wear protective gloves/protective clothing/eye protection/face protection.

FIRST AID

IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Wash contaminated clothing before reuse.

DISPOSAL

Dispose of contents/container in accordance with local/regional/national/international regulations.
