

TECHNICAL DATA SHEET

TRI-CON WASH GUN

NDT Water Spray Wash Gun

DESCRIPTION

A sturdy water spray wash gun meeting MIL-I-6866 and ASTM E 1417 requirements. The Tri-Con gun is available with or without the full jet nozzle that emits coarse spray without air pressure.

Tri-Con nozzles are recommended for penetrant wash stations. The model C125N 1/2HH 25 has been recognised by Boeing and the U.S. military, as the best wash gun/nozzle to use for the removal of excess penetrant before the inspection. These nozzles are certified to provide a full cone spray pattern of uniform distribution at 18L per minute at 40 p.s.i.

Meets ASTM E-1417 requirements producing a coarse spray for low-pressure rinsing of penetrant material from parts specified for use on aircraft parts.

FEATURES & BENEFITS

- Bottom latch locks trigger for continuous spray
- Meets ASTM E-1417 requirements for low pressure rinsing of penetrant material from aircraft parts
- Engineered to withstand hard daily use
- Nozzle body is threaded to accept all Tri-Con sprayer nozzles and accessories
- Connects to any standard garden hose

SPECIFICATIONS

Dimensions: 115mm (Barrel) x 110mm (Grip) x 40mm

Weight: 0.4Kg
