# Bio-Clean 360

## CONCENTRATE AIRCRAFT TOILET DEODORISER

---

### DESCRIPTION

**Bio-Clean 360** is a highly concentrated toilet cleaning fluid, formulated to clean and deodorise aircraft lavatories. A unique combination of detergent, scale inhibitor and deodorising properties prevents foul odours and keeps aircraft toilets clean and fully operational.

Passengers and crew will notice improved performance from recirculating toilets while ground handlers will benefit from improved hygiene safety in disposing of waste that has been correctly treated before removal from vacuum waste tanks.

### FEATURES & BENEFITS

- Fast acting - manufactured to exceed the rigorous standards of the World Health Organisation and attacks all micro-organisms and viruses within 30 minutes.
- Long lasting - powerful biocides continue to breakdown and kill the pathogens in the toilet waste system for up to 72 hours.
- Permanent Air Freshener - slow-release pine scent acts as a long-lasting deodorant and air freshener boosting performance every time the toilet is flushed.
- Low foaming during flush - contains a powerful antifoaming agent to eliminate toilet foaming within 20 seconds.
- Biodegradable formulation - safe for the environment

### APPLICATION

Bio-Clean 360 is a highly concentrated product to be diluted at the rate of 1 litre of Bio-Clean 360 for 640 litres of water (maximum dilution). It can be used for either recirculating toilet systems or for vacuum toilet systems

### AIRCRAFT APPROVAL

AMS 1476C, Boeing BSS 7432
